

A warm welcome awaits you at this extended farm house, just three miles from the UK's most westerly point, Ardnamurchan Point. Set on a working farm among hills and quiet countryside, Sonachan has been in the MacPhail family for forty years. We aim to provide comfort in an atmosphere of tranquillity, informality and cheerfulness.

Sonachan lies within 1000 acres of its own land, some 400 acres of which have been enclosed by fences to encourage the natural regeneration and protection of native flora and fauna. Five entrances to this conservation area permit easy access for walkers and nature lovers.

Sonachan is ideally situated between the beautiful beaches of Ardnamurchan's north coast and Tobermory, scene of television's Balamory, a short ferry ride away on the Isle of Mull. Access to Kilchoan and Sonachan is via the picturesque B8007. From Salen to Sonachan the road is single track but has recently been much improved by the addition of numerous passing places.
